SCHIFF BASES COMPENDIUM

Odor Strength	Potential Uses / Notes 1	Potential Uses / Notes 2
Medium	gardenia, jonquil narcissus jonquilla, lilac lilas syringa, Muguet, Lily of the Valley, Rose	Use: Verdantol offers an intense floral note to delicate flower type creations, such as neroli, orange blossom, narcissus, frangipani and plumeria. Excellent fixative value on all supports.
Medium	Very good in citrus blends. Chanel #5, Berry, Citrus, Grape, jonquil narcissus jonquilla, lilac lilas syringa, Muguet, Lily of the Valley, Lily, Neroli, Orange Blossom, Strawberry, melon watermelon muskmelon cantaloupe	
Medium		

SCHIFF BASES COMPENDIUM

Aurantiol is perhaps the best known Schiff base and is extensively used in a large variety of floral notes such as orange-blossom, linden-blossom and tuberose. Used in citrus cologne types, it acts as an excellent fixative as well as exalting the top notes. It gives an oriental character when used in amber an chypre compositions and blends particularly well with macrocyclic musks. **Very good in Carnation**

acacia cassie farnesiana, amber, berry, bubble gum, carnation dianthus oeillet, chypre, citrus, fern fougere, gardenia, grape, hibiscus, honey miel, honeysuckle chevrefeuille, hyacinth jacinthe, jasmin, lavender, lilac lilas syringa, lily, linden blossom limeflower tilleul, magnolia, mandarin, meadow country, melon watermelon muskmelon cantaloupe, muguet lily of the valley, narcissus narcisse, neroli, orange blossom, oriental, rose, tuberose, ylang ylang

Medium

SCHIFF BASES COMPENDIUM

Giorgio's canary-yellow color is due to a small dose of a Schiff base between anthranilate (grape) and the aldehyde helional (a fresh, pale metallic smell).
